

# LEDSTRIP 9,6W 2700K 24V IP20

## 1000 Lm/M

LED strip with 120 LEDs of the type 2835 SMD per running meter, 24V 9.6W per meter, IP20 with color value Kelvin 2700K, CRI >85 and beam angle of 120°. The strip can be shortened per 6 LEDs, per 50mm and sold per roll of 5m. Both sides with connection cable 30cm

### Characteristics

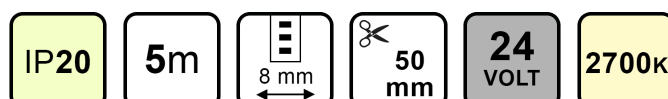

Watt	9,6W / meter
Voltage	24 vDC
Kelvin	2700K
Colour of the light	Warmwhite
#LEDs / m	120
IP protection	IP20
Luminous Flux	1000 Lm / M
Dimmable	Yes
PCB Colour	WHITE
Operational Temperature C°	-20 ~ +45°
Energy label	A

### Dimensions

Length	5000mm
Width	8mm
Thickness	2mm
Cuttable (section)	50mm
Feeding Cable	30cm

### Light Specifications

LED Chip	SMD2538
Manufacturer	Epistar
CRI	>85
SDCM	3
Product Life Expectancy	40000h
Angle	120°
Product Guarantee	5 year
Certificate	CE
Brand	DKB Allbright
